## VICE-CHANCELLOR'S MESSAGE

The Indian agricultural sector has undergone significant transformations due to globalization, economic structural changes, and policy reforms. However, along with these changes, it has also faced new challenges, making it increasingly complex. To address these challenges, a management approach is required for both on-farm and off-farm operations, with a focus on promoting the agribusiness sector. This approach has paved the way for the growth and development of the Indian agricultural economy. The School of Agri Business & Rural Management at RPCAU, Pusa has played a crucial role since its establishment as a center for higher education, training, and research. By imparting fundamental competencies to students, the school has contributed to the industry, preparing the 2022-24 batch of MBA (ABM) and MBA (RM) students to excel in their respective sectors. We are delighted to extend an invitation to you to join us in providing internship opportunities in order to further enhance the educational prospects for our students and close the knowledge gap between academia and business. We sincerely believe that the knowledge and insights your company possesses about the sector can significantly aid in the growth and development of MBA students.

Dr. P. S. Pandey  
Vice-Chancellor

# ABOUT THE UNIVERSITY

Pusa, where Dr. Rajendra Prasad Central Agricultural University is located, has historical importance. It is also known as birth place of Agricultural Research & Education in the Country since 1784. RPCAU established on 7<sup>th</sup> October, 2016, owes the legacy of Agricultural Research Institute (1905) and Rajendra Agricultural University, Pusa (1970). The jurisdiction and responsibility of the University with respect to teaching, research and extension in the field of agriculture and allied subjects is extended to the whole country with special reference to Eastern India.

## Vision

Augmenting/Advancing professional competency for pursuing excellence in agriculture and allied education, research and entrepreneurship with ethical values to meet the Regional, National & Global needs and offering specialized services to the farmers for decent livelihoods.

## Mission

- » To provide excellence high quality learning environment with creation of integrated approach that develops an appreciation and understanding of the socio-economic and environmental significance of soil-plant-animal-people interface
- » To shape agricultural stakeholders into self-sustaining mode through innovative centric education, cutting edge research, entrepreneurship/start up skill development and dissemination of appropriate agricultural technology
- » To nurture national/global needs of sustainable food production through advance interventions of research and development
- » To make Indian agriculture climate resilient for mitigating pressure on agricultural land through higher productivity

# School of Agribusiness & Rural Management

*[Accredited By NAEAB (ICAR), New Delhi]*

The University has launched MBA (Agribusiness) degree programme in 2006 under the Faculty of Basic Science and Humanities (FBS&H) and duly approved by the ICAR since 2010. Acknowledging the growing need for skilled professional in the field of rural management in the country, and limited availability of good quality institution in the eastern region, the university has introduced MBA (Rural Management) programme during 2018 under School of Agribusiness and Rural Management (SAB&RM). The new building was inaugurated by Hon'ble Prime Minister of India Sri. Narendra Modi Ji on 10th September 2020. The College is located within the premises of the University along with state-of-the-art infrastructure and all the necessary facilities for the professional development. This institute is among the premier management colleges not only in the state of Bihar but also expanding its features at national level. MBA Agribusiness program is ICAR accredited and follows the recently designed curriculum by BSMA committee. For MBA Rural Management program, in consultation with eminent stakeholders around the country new course curricula was implemented with major focus on agri and rural based industry relevant courses and experiential components. In accordance with the New National Educational Policy (NEP), the school has also introduced two one-year Post Graduate Diploma Programmes; Agri-Tourism Management, and Agriculture Journalism & Mass Communication.

## Vision

To create an ethos of creativity & innovation for enhancing the quality of management in the agribusiness and rural sector for sustainable development of overall economy.

## Mission

To bring rural prosperity that can help in improving the quality of rural life through effective management of agri-resources.

## Objectives

- ❖ Creating professionally trained agri-business and rural managers with an appropriate ethos and values
- ❖ Developing professional attitudes and problem-solving skill sets in the candidates to efficiently contribute for all the stakeholders involved in agribusiness and rural development sector
- ❖ Encourage entrepreneurship among the students, capacity building, institutional linkages and contributing to policy developments

## Corporate Social Responsibility Club

(Pahal)

**Tagline:** JANO, SIKHO, BADLO!!!

**Description:** "Driving Positive Change and Sustainable Impact". Our CSR Club is a dynamic platform that empowers students to make a difference by actively engaging in social and environmental initiatives.

## PHELI PAGAR

## ALUMNI TALK SERIES

## CORPORATE DIALOGUE SERIES

The Corporate Dialogue Series is a platform designed to foster meaningful interactions between students and industry experts. Through this series, students have the opportunity to engage in insightful discussions, gain valuable insights, and explore current trends and challenges in the corporate world. The sessions feature guest speakers who are accomplished professionals from various industries, offering their expertise and sharing real-world experiences. This series aims to bridge the gap between academia and industry, providing students with valuable networking opportunities and equipping them with the knowledge and skills necessary for success in the corporate realm.

# PERSONALITY DEVELOPMENT INITIATIVES

- Soft Skill Training, Mock GD and PI are conducted by specialized faculty.
- Seminars/E-varta/ Leadership talks addressed by outside experts helping the development of students' interpersonal and soft skills.
- Regular feedback mechanism from industry stalwarts on the requirement of sector-specific skill sets.

## Library

The University library has been providing services to the students, teachers & researchers and supporting teaching, research, and extension programmers of the university with a collection of over 70,000 documents, with a rich collection of current and back volumes of research journals including advanced and annual reviews and CD-ROM databases. The library has set up a students' managed reading room for use by the students after library hours. The library is well connected to the Internet for access to e-resources.

## Classroom

All the renovated and well-equipped classrooms are located in the college premises with excellent modern facilities in SAB&RM. All classrooms are equipped with Digital Podium having complete hi-tech podium with advanced specification, inbuilt with many teachings aid such as Open-source with an open-source interactive whiteboard. These podiums are connected to high-speed internet facilities.

## Computer Lab

The computer laboratory is equipped with the latest softwares and free Wi-Fi facilities to train the students as well as the faculty.

## Hostel

Hostel accommodation with modern facilities is provided to each student of the college. Boys and girls are accommodated in separate hostels. The hostels have excellent mess facilities & are being operated by students. The hostels have the facilities of Wi-Fi, newspapers, reading room, television, proper drinking water facility etc. The harmony and discipline in the hostel are strictly maintained by the Warden & Hostel Superintendents.

## Central facilities

Different necessary facilities such as a bank with an ATM, shopping complex, hospital, canteen, gymnasium, etc. are available on the University campus.

## CO-CURRICULAR & EXTRACURRICULAR ACTIVITIES

- Embracing Cultural Festivities and Connecting with the Farming Community: Student Involvement in Saraswati Puja, Ganesh Puja, Kisan Mela, and Meaningful Dialogue Exchange
- Active student participation in the University's Sports Meet, igniting team spirit and fostering well-rounded development
- Immersive involvement in university-level events like Hindi Pakhwada, embracing cultural celebrations and language heritage
- Empowering students through National-level Management Events, unleashing innovative ideas and sharpening business acumen

## MANAGEMENT DEVELOPMENT PROGRAM

SAB&RM regularly organizes training, capacity building programmes for various categories of target audience. College has recently organized 2 winter schools sponsored by ICAR, New Delhi covering the domains of Secondary Agriculture and Agri- Start-ups. One training programme on 'Scientific Beekeeping & Value Addition of Honey', sponsored by National Bee Board was conducted. In addition to this, regular BAMETI sponsored programmes on other domains like FPOs, Entrepreneurship were also conducted.
