Venue
Vidyapati Sabhagar, RPCAU, Pusa

Organized by
PG College of Agriculture
RPCAU, Pusa, Bihar

"PG Students Conclave-2025"

Background

Pusa is regarded as the birthplace of agricultural education and research in India, as post graduate agricultural education began here in 1923. Dr. Rajendra Prasad Central Agricultural University, Pusa, Samastipur, Bihar, is a recognized Institution of National Importance. Among its eight constituent colleges, five, namely, the Postgraduate College of Agriculture, the College of Agricultural Engineering & Technology, the College of Basic Sciences & Humanities, the College of Community Science, and the College of Fisheries, offer postgraduate (M.Sc.) and doctoral (Ph.D.) programs across various disciplines of agriculture and allied sciences. The university offers a total of 29 M.Sc. and 19 Ph.D. programs. Students pursue research in diverse and emerging areas of agriculture and allied sectors as an integral component of their postgraduate and doctoral studies.

The Programme

Dr. Rajendra Prasad Central Agricultural University, Pusa, Bihar, proudly announces the organisation of the "PG Students Conclave-2025" in conjunction with the First Alumni Meet of University. This prestigious event is an initiative to foster scholarly exchange among PG and Ph.D. students across various disciplines of agriculture and allied sciences. The conclave will feature a series of thematic presentations, including resource conservation technology, farm innovations, stress management in crops, digital agriculture, and the socio-economic dimensions of agricultural research. It aims to highlight the innovative research being undertaken by our students in these critical areas. Participants are invited to contribute, ensuring a diverse and enriching experience for all. The event underscores our commitment to advancing agricultural sciences and research excellence.

Thematic areas

- 1. Sustainable Agriculture and Climate Resilience**
- 2. Advances in Agricultural Biotechnology and Genomics for Crop Improvement**
- 3. Digital Agriculture and Precision Farming**
- 4. Integrated Approaches in Soil, Water, and Crop Management**
- 5. Biodiversity Conservation and Livelihood Security**
- 6. Agribusiness, Value Addition, and Rural Development**
- 7. Innovations in Agri-ecosystems**
