Regional Agriculture Fair

(Eastern Region-Odisha, West Bengal, Bihar, Jharkhand)

(6- 8 February, 2026)

"Viksit Krishi-Unnat Bharat"

Organized by

Directorate of Extension Education

Dr. Rajendra Prasad Central Agricultural University

Pusa, Samastipur-848125 (Bihar)

Dr. Rajendra Prasad Central Agricultural University, Pusa, Bihar

About the University

Dr. Rajendra Prasad Central Agricultural University, Pusa came into existence on 7th October 2016 after the conversion of Rajendra Agricultural University, Pusa, a state agricultural university, which was established in 1970 by Govt. of Bihar a historical place where the idea of agricultural research and education first took shape. The history of the place dates back to year 1905, when Agricultural Research Institute and College, Pusa was first established by the British Government in light of the recurring food scarcity in the country. In its current role, the university extends its jurisdiction and responsibility in the fields of teaching, research, and extension in context of agriculture and allied sciences to the whole country with special reference to the State of Bihar.

About Regional Agriculture Fair (RAF)

The University will be hosting the Regional Agriculture Fair (RAF) for the East Region of the country during 6-8 Feb, 2026 on the theme “Viksit Krishi-Unnat Bharat”. Technology stalls and farmers from Odisha, West Bengal, Bihar, Jharkhand and other states will participate. This RAF will showcase & sensitise farmers about “Viksit Krishi”-advancement of new agricultural technologies in field crops, horticulture, agroforestry, fisheries, animal science and other allied sectors, including agripreneurs. The dream of “Unnat Bharat” can only be fulfilled through achieving the “Viksit Krishi” supplemented with the innovative technological intervention, fostering the agrarian economy. The Regional Agriculture Fair will also provide a platform for communication & collaboration between industry and government institutes in enabling smart, sustainable agriculture practices.

Objectives of Regional Agriculture Fair

The RAF is aimed at providing access and awareness to modern farm technologies and a potential Industry-Farmers platform, along with diversification of a high-value agriculture with emerging trends and help the farmers for sustainable livelihood. With the support from DARE, MoA&FW, GoI, this RAF will facilitate the farming community and other stakeholders with an array of innovative, improved farming technology in agriculture and allied science, putting forward the motto of Agriculture with Science and pave the way for better transfer of technology applicable to the Region.
