

TCA Dholi conducted Crop Group Research Programme for Rabi 2025-26

Crop Group Research Programme, TCA Dholi, for Rabi 2025-26 was conducted on 10th November, 2025 at Central Instrumental Laboratory (CIL) Meeting hall under the Chairmanship of the Dean, Tirhut College of Agriculture, Dholi. The Chair urged the scientists to work on problem-oriented and impactful research. He stressed the need to align research with local agricultural priorities and the needs of farmers and to publish research articles in high NAAS-rated journals. During the programme, research highlights of research activities of AICRP and University-funded research projects conducted during *Rabi* 2024-25 were presented by the scientists. A tentative plan of work for Rabi 2025-26 was also discussed by the house. Dr. Vikram Bharati, Associate Prof, Agronomy and Dr. Hriipulou Duo, Asstt. Prof. Genetics and Plant Breeding were Member Secretary and Co-Member Secretary of the Crop Research Group Programme.
