

Educational Tour was organised for TCA students

Educational Tour was successfully organised for students of B. Sc. (Hons) Ag. (Batch 2022-26) of Tirhut College of Agriculture, Dholi from 22-27 December, 2025 with the objective of providing practical exposure of renowned agricultural institutions. The students visited BHU, Varanasi, where they observed academic and research facilities and gained insight into higher education and research activities. They also visited the IIVR, Varanasi. These visits enhanced students' knowledge of vegetable crop production, breeding, and modern research practices, and proved highly informative. On 26 December 2025, the students visited the Department of Agricultural Extension and the Department of Horticulture, IARI, Pusa, New Delhi. The visit provided valuable understanding of extension approaches, horticultural crop management, and national-level agricultural research and technology dissemination. Overall, the educational tour was successful and beneficial, offering students practical exposure, strengthening their theoretical concepts, and motivated them toward academic and professional excellence in agriculture. Dr.Rajendra Kumar, Assoc.Prof. (Agronomy) and Dr.Meera Kumari, Asstt.Prof.(Agril.Engg.) acted as Tour In-charge.
